**Existing Business:**

Back to school BBQ that was held on Aug 31 was an overall success. Still waiting to know what the overall cost of the BBQ was. Only had about 4 or 5 packs of hotdogs that were not cooked. Discussion was had that if enrollment stays about the same for next year then we could possible cut back on hot dogs for next year (around 700 hot dogs) and keep chips and water the same.(480 chips and 480 bottles of water) also got lots of emails of parents who were interested in SCC and helping out with hot lunch.

**No New Business**
